PICNIC OF DALY CITY MERCHANTS GREAT SUCCESS

Attendance Not Up To That Of Former Years But Enthusiasm Is Unbounded

One of the most successful picnics ever held by the Daly City Merchants Association was in progress, last Sunday, at Oak Cove Park, the usual place of holding this annual affair.

This entertainment was one of the most enjoyable and enthusiastic ever put on by the local merchants.

While the number attending was not as large as in some former years, those who were there were high in their praise for the conduct of the event.

Those in attendance munched hot dogs and ate ice cream at no expense. Games and races were indulged by those athletically inclined and a number of amusement features were provided for the patrons of the picnic.

Our own Daly City Band rendered as excellent a concert program as could be heard anywhere, and the younger element enjoyed dancing to the strains of music provided by a fine orchestra.

The day was one devoted to social intercourse, eating and drinking and generally given over to perfect and profound enjoyment.

Results of the races and games follow:

Running Races—
Girls under 10 years—First, Lillian Place; second, Teresa Compagno.
Girls under 10 years—First, R. Linhares; second, L. Linhares.
Girls between 10 and 16 years—First, Helen Mongis; second, Constance Ternilla.
Boys between 10 and 16 years—

BURNS FATAL TO YOUNGSTERS IN EXPLOSION

One Child Dies From Injuries Sustained While Playing With Matches

Allison Reilly, 6, son of Mr. and Mrs. L. G. Reilly of 2127 San Jose avenue, San Francisco, died in St. Luke's Hospital, Sunday evening of this week. Death resulted from shock and fatal burns sustained when he and his young companion, Gerald Dienst, aged 5, 242 Oneida avenue, San Francisco, threw lighted matches into two five-gallon gasoline cans in a wood and coal yard near their homes, during the day.

The gasoline exploded, spraying the youngsters with flaming gasoline. The boys ran away, screaming and trying to escape the flames. They were overtaken in their flight by George McLaren, 37, a service station attendant, who overheard the screams and tried to beat out the flames with his hands.

A passing motorist, Fred L. Sargent, 1500 Mission street, rushed the boys to the Alameda Emergency Hospital.

Allison was later transferred to St. Luke's and his little playmate to Franklin Hospital, where the latter is making a valiant fight for life.

Both boys were badly burned about the face and arms.

Allison was the only child of L. G. and Alice Reilly. He was a member of the Sons of the American Legion, Daly City Post No. 410. His mother is president of the American Legion Auxiliary.

Funeral services were conducted from the mortuary chapel of W. C. Lasswell & Co., Wednesday morning of this week at 9 o'clock, thence to Corpus Christi Church, on Santa Rosa avenue, for a blessing at 9:30 o'clock.

Interment was in Holy Cross Cemetery.

Columbus Day Fete Held At Pittsburg

Pittsburg will hold its fourth annual Columbus Day celebration, this year, October 15 to 17.

A motorcycle show and other entertainment will be the feature of the three-day program.

Two Killed As Planes Collide In Midair Over Los Angeles

Two persons were killed and two seriously injured recently when two planes, maneuvering for a landing at a Los Angeles airport,

collided in midair. The dead were Pilot Chester Powers and his passenger, Jerry A. Wigley. The injured are Frank Jamison, pilot of the other ship, and his passenger, Joe Vierling. One plane was reduced to kindling, while wreckage of the other is shown in photo. The tangled planes landed in a back yard in a residential zone.

PAGEANT MARKS OUR INDUSTRIES AT STATE FAIR

Usual Other Days To Be Observed As In Former Years

A California Industries Pageant, featuring 10 major activities of the state, will be a principal attraction at the State Fair, September 3 to 12.

The fair board has approved a plan of Secretary-Manager Robert Muckler to name each of the ten days of the fair for an industry. The secretary declared:

"The California Industries Pageant affords an excellent means for informing Californians of the state's major industrial and educational pursuits. We expect the pageant to be an attractive part of the fair."

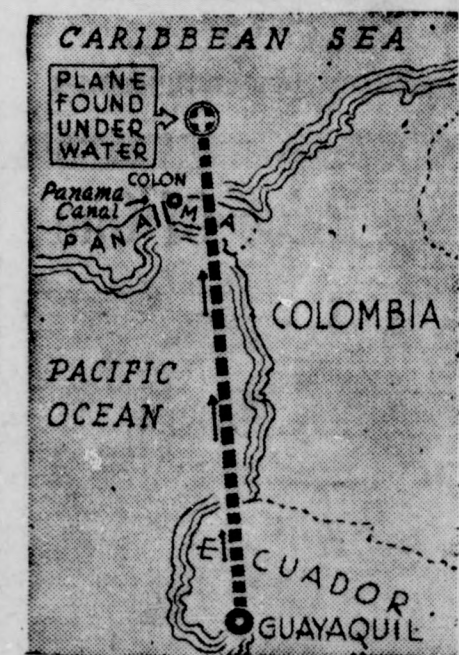

The emphasis to be placed on each activity will be accomplished through either a special program or dramatization.

Agriculture, bringing to California an annual approximate income of \$600,000,000, is one of the prominent industries to be eulogized in the special ten day arrangement.

One of the special days will be devoted to churches, a new idea at the California State Fair but used by eastern state fairs.

The eight other days in the California State Fair but used by eastern state fairs.

AIRLINER SINKS WITH 14 ABOARD

Map shows where airplane observers reported the submerged luxury amphibian plane, Santa Maria, was seen under water. A Pan-American-Grace Air Lines spokesman said there was no indication as to whether any of the eleven passengers and three members of the crew had survived. The Santa Maria, en route from Guayaquil, Ecuador, with transfer passengers from Lima, Peru, seemingly overshot its stop at Cristobal in a cloudy sky.

Board of Supervisors Sets Date And Selects Officers For Election

The County Board of Supervisors, at the regular meeting, Wednesday of this week, decided on the date of the election regarding the formation of a lighting district in the town of Brisbane.

The date set is on Tuesday, August 31.

There will be only one polling place, located at 301 Visitacion avenue.

The original petition, sponsored by the Brisbane Merchants Association, contained the signatures of thirty residents of the district and was deemed sufficient to warrant the calling of an election on the date stated.

The board also appointed officers to conduct the election, as follows: Inspector, Nora R. Lothrop; judge, Clarence Woods; clerk, Mrs. Frances Walland.

There has long been considerable agitation among citizens to obtain good lighting conditions in Brisbane, it being frequently stated by many that the present existing lights are greatly inadequate to the town's needs.

Much interest of the electors has been aroused by this controversy and a large turnout of voters is predicted on election day.

Every city, town and district should be protected by proper lighting facilities, and Brisbane should be no exception to the rule.

Wants Separation In United States

When Mrs. Geraldine Spreckels secures a divorce from Adolph Spreckels Jr., scion of the Hillsborough Spreckels, she will select an American court in which to do so.

Her mother, Mrs. R. A. Gardner, announced this plan at her home at Fort Bliss, Texas, this week. She stated she was not aware of the date the suit will be filed.

Woman Killed In Automobile Crash

Mrs. Terry Stevens, 48, of San Pedro, was burned to death and three persons received serious injuries when two cars collided head on six miles north of Tulare, Monday of this week.

Mrs. Stevens was a passenger in the car of William O. Gould, of Harbor City.

Gould and the occupants of the other car were not seriously hurt.

Has Won More Stakes And Handicap Contests Than Any Other Dog At Track

Unquestioned champion at the Baden Kennel club for the meeting to date is a San Mateo county greyhound named Mike Andrew.

The big brindle dog, bred and raised in this county, defeated the contenders, Saturday of last week, in as fast a race as has been run at the meeting, winning easily in 32 seconds flat, equalling his own season record.

Here is what Mike Andrew has done in the fastest company at Baden:

Ran second in the Inaugural Trophy race, over the Futurity course.

Won the Peninsula Stake at five-sixteenths mile.

Ran third in the East Bay Stake at the same distance.

Won the San Francisco Stake, a five dog match at five-sixteenths of a mile.

Won the Industrial City Special, also at five-sixteenths.

Saturday the Colma dog was pitted against his arch rival, Doctor Vance, his kennel mate, Andrew's Pride, Dreamy Dick, Gay Kashmir, Blue Money, Big Machine and all of the other "greats" assembled at the South San Francisco track. He sprinted to an early lead and was unchallenged for the entire route.

Mike Andrew's performance stands as a tribute to the ability of California breeders to produce swift racing stock, for Mike Andrew is in all probability the fastest five-sixteenths mile dog on the coast today.

ASSOCIATION OF CITY MERCHANTS REGULAR MEET

Wind Up Picnic Business And Consider Various Other Matters

The regular meeting of the Daly City Merchants Association was held, Wednesday of this week, at the city hall with all except one of the officers and a number of members present.

A detailed report was submitted by the committee in charge of the ninth annual picnic, held last Sunday at Oak Cove Park. Owing to the fact that all affairs of the event, such as receipt of bills, etc., had not been completed, it was not possible to render a final report, and the com-

CONGRESSMAN DIES FROM FALL TAKES ISSUE ON DOWN STAIRS BASE LOCATION AT FAMILY HOME

Says Foes Of Naval Supply Base On This Side Of Bay Block Industry

With reference to the proposed naval supply base on San Francisco Bay, Congressman J. J. McGrath, when interviewed by a representative at Washington, D. C., several weeks ago made this statement:

Recently some of the Peninsula newspapers carried an item based on press dispatches from Washington which indicated that I had introduced a resolution to investigate a site for a naval base on San Francisco Bay, although the President had already signed a bill allocating funds for the construction of such a base at Alameda.

The bill which the President signed allocated funds under certain conditions for the construction of a naval air base, while my resolution refers to the selection of a site for proposed naval supply base to be located on San Francisco Bay in accordance with the needs of the navy.

His declaration is borne out by the verbiage of the resolution introduced by Congressman McGrath, which reads as follows:

RESOLUTION

"Whereas it is essential to national defense that adequate naval supply depots or bases be established at proper locations on both the Atlantic and Pacific coasts; and

"Whereas it has been established as an integral part of the system of national defense that such a naval supply depot or base be located on San Francisco Bay, California; and

"Whereas it is of vital importance that a suitable site be selected on San Francisco Bay which shall have immediate and direct contact with both railroad and deep-water facilities;

NEW ENTERPRISE BEING PLANNED FOR FALL SHOW

Details Of The Mysterious Event Not Yet Available For Publication

Mystery of a new enterprise was in the air at the San Mateo County Floral Fiesta headquarters today as the Fiesta Commission announced that an elaborate event was being planned, but declined to reveal its nature.

Commission President Bruce S. Gibson said the event was being considered by the commission as a whole and by special committees which are investigating the planned affair in

18 HURT WHEN TRAIN DERAILS

Eighteen persons were injured and more than 100 others badly shaken recently when two diners and four Pullman coaches of a main line train jumped the tracks 70 miles north of Klamath Falls, Ore. Due to lack of communication facilities in the rugged Oregon Cascade country, names of the injured could not be learned. Map shows where the accident happened high in the mountains.

Well Known Local Resident Succumbs From Fractured Skull In Accident

Salvatore (Sammy) Campagno, 33, a poultry dresser in business with his brother Joseph, was found by his brother lying at the foot of the stairs of the family home at 3328 San Jose avenue at 5 o'clock Sunday morning of this week. He was apparently the victim of an accidental fall.

The brother placed him in bed, where he died late Sunday evening of a multiple fracture of the skull caused by the fall. Dr. A. H. Rankin performed the autopsy.

Compagno was a well known lightweight boxer in the bay region, where he made quite a name for himself, first as an amateur and later as a professional. He had been retired from the fistic world for the past ten years.

Deceased was a member of the I. O. F., Court San Francisco No. 10, and A. M. C. and B. W. of North America, Local No. 115.

Surviving relatives are his brothers—John, Anthony, Jack and Joseph Compagno—and Mrs. Frances Aiello, a sister.

The funeral was conducted from the mortuary establishment of W. C. Lasswell & Co., at 10 o'clock Wednesday morning of this week, followed by a requiem high mass celebrated at 10:30 o'clock.

Interment was in Italian Cemetery.

NEW FORM PLAY ON ELECTRICITY SOON TO START

Already Causing Comment And Excitement Among Local Critics

No play produced in San Francisco has ever caused more comment and flutter of excitement before its first performance than the coming Federal Theater production of "Power." It is scheduled for a four weeks run at the Alcazar Theater beginning Thursday, August 12.

"Power" dramatizes the origin and development of electricity in the United States and the role of power in modern society. It is the product of a group of New York newspaper men, who set about their task in much the same manner they would go about unearthing a first-page story. Hundreds of references including state and supreme court records relating to power company cases, hand books and manuals of power companies, financial reports, stock and bond set-ups and even the history of electricity from the development of the first theory down to the present were all given close study. It is the fourth of the so-called Living Newspaper plays, a new form of theater presentation that has taken hold in New York with such favor that the current production of "Power" there is still running after six months of capacity business and with reservations a month ahead.

The San Francisco production is directed by Peter Heiman, formerly Max Reinhardt's chief director, and has a cast of nearly 100 actors. The play is seen in hitherto scenes and more than 300 lights cues are required, employing the services of eight electricians. Practically every form of theatrical presentation is employed including the techniques of radio, motion pictures, cartoons, the lecture platform, stereopticon projection, music, masks and straight drama.

Will Strive To Learn Secrets Of Migration

In order to learn the secret of the migration of humans from Asia to the American Continent, Father Bernard R. Hubbard, the "glacier priest" from Santa Clara university, left from Nome, Alaska, for Point Barrow, this week.

He will go from there to King Island to attempt to compile a history of the native "white skinned" Eskimaux living there. These natives are believed to be one of the two surviving tribes of "original" Alaskans.

ASSOCIATION OF CITY MERCHANTS REGULAR MEET

Wind Up Picnic Business And Consider Various Other Matters

(Continued from page 1)

mittee reported progress. It was stated that this year's affair was one of the most successful from the standpoint of enjoyment ever to be held by the association.

The committee having in charge the matter of a Sunday closing ordinance for merchants of Daly City, reported the matter was now in the hands of the city council for consideration and that a tentative ordinance had been drawn and submitted to that body for study and future action.

Considerable discussion developed regarding the proposal to secure more adequate lighting for San Jose avenue. The association endorsed the petition proposing to include the San Jose lighting system with the same setup as adopted for the Mission street lighting by ornamental standards. This petition has been signed by property holders whose holdings front on San Jose avenue from Bepler street to the county line, and has been submitted to the city council. That body has tentatively agreed to inclusion with the Mission street project.

Traffic Safety Trophy Awarded

Thirteen counties of California, with San Diego leading the list, showed a reduction of 72 traffic deaths on rural roads in 1936 as compared with 1935, according to figures made public here today by the State Department of Motor Vehicles.

As a result, San Diego County will receive the traffic safety trophy awarded by the California State Chamber of Commerce.

San Diego County's death total decreased 18 over 1935. In that year they totaled 62. In 1936 the total was 44.

Other counties having a decrease in deaths are Fresno, Monterey, Sonoma, Sutter, Contra Costa, Humboldt, Yolo, Ventura, Mono, Santa Clara, Shasta and Yuba Counties.

Baseball Follows To Foreign Countries

Baseball, long called our national game, is familiar to many nations beyond our borders. The fact that the game is popular in other countries is largely due to the travels of our soldiers, sailors and marines who have carried their baseball bats and gloves with them when they have embarked on errands for Uncle Sam.

Wherever the United States Marines have landed and remained for awhile they have played baseball. In China, the Philippines, Guam, Cuba, or Nicaragua, baseball diamonds have been laid out just as soon as rifles could be safely laid aside. The Japanese caught the fever from visiting warships and they are now among the most expert of ball players. The Waseda University nine of Tokyo occasionally visits our country to furnish our college teams with some stiff competition.

Japanese teams have played the Marines in the United States, in Japan, in China and elsewhere in the Orient. When the Marines introduced baseball to the Republic of Nicaragua it caught on like wildfire and the game often attained the dignity of an official function. The President

LIGHTED CIGARETTE—\$70,000 GONE

A short time ago, a careless Oregon motorist tossed a lighted cigarette from his car. An area of 5000 acres, covered with good young timber, was burned. At the present average lumber price, that means that \$70,000 in payrolls and supplies was lost to the state. And, according to a conservation authority, "it would really amount to a loss of well over a million dollars in the future resources of the state." Many decades are required before a burned tree is replaced and devastated land becomes valuable again. Preventing fire is said to be 75 per cent of reforestation. And more than 90 per cent of all forest fires are man-made. In every lumber state you can see thousands of ghostly acres, covered with only the blackened stumps of once great trees—grim monuments to ignorance and carelessness.

Every individual owes his fellow citizens an obligation when he goes into the woods, or drives through timbered country. That obligation is easily discharged—but failure to do so may result in the loss of millions of dollars, and the ruin of irreplaceable natural beauties. Take the utmost care with smoking materials—and don't throw matches and butts, even though you think they're out, from your car. Watch campfires like a hawk, and when you leave saturate them with water, then bury with dirt. Obey the law—especially the local rulings that are put into effect during fire seasons in areas where hazards are especially great.

Remember that forests are our heritage, and that it is up to us whether we dissipate or conserve that magnificent legacy.

HE SAVED MONEY—BUT!

Some years ago the Pulitzer prize award for the best cartoon of the year went to John T. McCutcheon. The cartoon showed a sad and shabby man seated on a park bench. A squirrel playing in front of him asked: "Why didn't you save your money?" The derelict replied, "I did!"

Thousands of men have saved their money—only to lose it at an age when their fortunes could not be rebuilt. For saving is one thing, and security of principal is another. Unhappily, they don't always go together.

Every man should place a large part of his savings in some plan, such as life insurance, which guarantees the maximum of security. Only the spare dollars should be used for speculation—for ventures which, though they may return a great profit, may also result in 100 per cent loss of the principal employed. Before taking risks, it is essential to build a sound financial bulwark for the future.

Legion Auxiliary Regular Meeting

Daly City Unit No. 410, American Legion Auxiliary, held its regular meeting Monday evening of this week. First Vice President Gerry Glanville presided in the absence of the president.

Plans were completed for participation in the coming state convention, to be held in Stockton next week. Delegates from this Unit are Alice Reilly, Mary Crane and Catherine Foreman. Alternates are Gerry Glanville, Hilda Prziborowski and Mae Page.

The next regular meeting will be held on Wednesday evening, August 18.

Daly City Unit extends its deepest sympathy to our president and her husband in their recent bereavement.

Little Sufferer Dies After Long Illness

Death ended the long illness of Kathleen Coolish, 12 year old daughter of Mr. and Mrs. Walter Coolish of Miriam street, Thursday of last week.

The little sufferer passed away in the Community Hospital at Biresford where she had been a patient for the past nine and a half months.

Funeral services were held from a San Francisco mortuary establishment, Saturday morning of last week at 9 o'clock, followed by a requiem high mass in Our Lady of Perpetual Help Church, commencing at 9:30 o'clock.

Interment was in Holy Cross Cemetery.

The bereaved relatives are her parents, Walter and Grace Coolish; a brother, Ronald Coolish; and her grandparents, Nellie and Harry Coolish.

Socialite Wife Of Orchestra Leader Dies At Childbirth

Mrs. Eddie Duchin, wife of the nationally known dance orchestra leader, who died in New York recently from complications following the birth of a son. Mrs. Duchin, the former Miss Marjorie Oelrichs, underwent a series of blood transfusions in an effort to save her life. She and Duchin were married June 5, 1935, after she had said, "Phooey on the Social Register!"

Daly City Band News Of Interest

A. J. Law of San Francisco has recently moved to Daly City and has joined the Daly City Band. Mr. Law is also a member of The Olympic Club Band of San Francisco.

Band Master George E. Brenner has just composed a new March which is entitled "Gate Way to the Peninsula" dedicated to the municipality and band of Daly City. This number will be played at the next public band concert in honor of our city, "The Gateway to the Peninsula."

A new library is soon to be purchased for the band and these new selections will be featured from time to time in our schedule of free concerts to the public, the next one of which is planned in the early part of October.

PROGRESS MADE IN RELIEF OF FARMER

By J. W. MARCHBANK
 Pioneer in Frontier Mining Work

With Congress having the report of President Roosevelt's committee on Farm Tenancy as the basis, it looks as though something will be done for the farmer at the present session of the law making body. A compromise measure is under consideration in the Senate, after passing the House.

The purpose is to transform tenants into small landowners. Provision is made for loans, increasing in two years to \$50,000,000 annually. The loans are repayable in forty years at 3 per cent, with the Federal Government holding first lien.

In the selection of tenants who are to be beneficiaries preference will be given to persons who are able to make the initial down payment or who are owners of livestock and farm implements necessary successfully to carry on farm operations.

The act is to be administered by county committees, consisting of three farmers in each county, who are to be appointed by the Secretary of Agriculture. The committees will authorize the purchase of land and decide on the character and ability of the applicant. An amendment may be made for the participation of the tenants themselves in the administration of the statute.

Up in the Dominion of Canada an attempt is being made to return arid regions to cattle. The government has a comprehensive program for rehabilitating sections of Alberta and Saskatchewan, which have been sufferers from aridity for eight years in succession.

A co-operative arrangement has Frank F. Merriam in its regular monthly report.

This is the first time in the history of the State, the report said, that the 100,000 mark has been passed in a six months' period.

The number of permits issued to July was compared to the 87,376 permits issued in the similar period last year, representing an increase of 24.42 per cent.

Of the 108,717 certificates issued to foreign cars, more than seventy-eight per cent were handled by checking stations.

been made by the Department of Agriculture of the Dominion and the provinces for transferring farmers from the drought-stricken area to productive land.

The program provides for continuation of relief payments, together with further expenditures on irrigation projects in land suitable for grain growing. Formerly populous ranching districts will be leased by the Department of Agriculture and kept free for grazing so that grass can grow. In a few years it is expected pasture will be available for herds such as once roamed the plains. Water will be provided by dams.

Settlers will be kept off the affected areas. The situation in the drought country is worse than last year, but experts are confident the dried-out space will be restored to production.

The Dominion Bureau of Statistics reports the mines of our neighbor to the north turned out a new production record of 323,337 ounces in the month of May. The output is valued at \$11,883,000.

By provinces or areas the production was as follows:

Ontario, 214,520 ounces; Quebec, 58,028; British Columbia, 45,056; Manitoba and Saskatchewan, 18,335; Yukon, 2728; and Nova Scotia, 1458.

A bill to revise the bankruptcy law and a bill to revise trust indentures are said to have a fairly good chance of passage at the present session of Congress. A bill to turn over to the Securities and Exchange Commission Control of protective committees and to outlaw conflicts of interest traceable to Wall Street probably will have to wait until the session beginning in January.

WANTED

WHY DON'T YOU USE A WANTED THE COST-ATRIFLE

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

GREEN VEGETABLE SALAD

(From The Farmer's Wife)

1½ cups cooked string beans
1½ cups cooked new peas
1½ cups cucumber, diced
1 teaspoon onion, finely chopped
1-3 cup mayonnaise

Cut string beans lengthwise and then crosswise in ¼-inch pieces. Add cooked peas, cucumber and onion and marinate in French dressing 30 minutes in refrigerator. Drain thoroughly. Add mayonnaise and blend. Serve on crisp lettuce. Serves six.

PRUNE OR APRICOT WHIP

(From Mrs. G. C. Lindorff)

1-3 pound fruit or 1 cup cooked prunes or apricot pulp
2 egg whites
½ cup sugar
½ tablespoon lemon juice
½ cup broken nut meats

Wash and soak prunes overnight. Steam until soft. Remove the stones and mash thoroughly. Add sugar and cook 5 minutes, stirring, frequently. Fold in stiffly beaten egg whites and lemon juice. Pile lightly in buttered baking dish and bake 20 minutes in slow oven. Serve cold with whipped cream.

Note—1 pound dry prunes equals 1 quart soaked.

STRAWBERRY PIE

(From Mrs. L. Lemon)

2 cups ripe strawberries
1 cup sugar
1 baked pie shell

Wash and hull strawberries. Pile one cup of strawberries into the baked pie shell. Cook the remaining strawberries with one cup sugar until it begins to thicken, then pour into pie shell and cool. Serve with whipped cream or ice cream, if desired.

PICKLED FIGS

(From Miss S. Manderville)

8 pounds figs
2 quarts vinegar
5½ pounds brown sugar
1½ ounces whole cinnamon
1 ounce whole allspice
1 teaspoon whole cloves

Make a bag large enough to allow for the swelling of the spices. Put allspice and cloves in the bag. When vinegar and spices are boiling up well, put in sugar and let boil about 5 minutes, until spices have thoroughly seasoned the juice. If too sour add more sugar. Cook figs until transparent, but not too tender to break, and pour into crocks while hot. When all cooked, boil the vin-

egar thoroughly and pour over. Fit a plate tightly over the pickles to keep them under the syrup. Let stand a month before using.

ORANGE SPONGE CAKE

(From Mrs. F. H. Rickmann)

2 egg yolks
4 tablespoons orange juice
½ tablespoon lemon juice
¾ cup sugar
¼ teaspoon grated orange rind
2 egg whites
1 cup flour
¼ teaspoon soda

Beat egg yolks with orange and lemon juice until thick and yellow, mix sugar and grated rind and add gradually to egg yolks. Add stiffly beaten egg whites. Cut and fold in flour sifted 4 times with soda. Pour into buttered and floured cake pan and bake in moderate oven 45 minutes.

HOUSEHOLD HINTS

Substitute For Bread Crumbs

As a substitute for bread or cracker crumbs in meat loaf or meat balls, use any quick cooking oatmeal. It blends easily, and is always ready for immediate use. Also it may be used with canned salmon to make patties, which are dipped in flour and fried to be served with creamed peas.

CHERRY DELIGHT

(From Mrs. R. W. Waddell)

4½ pints ground cherries (fresh)
2 pints ground pineapple
8 pints sugar
1 pint water

Mix all together, divide in small quantities and boil violently for 25 minutes. Fill jelly glasses and cover with paraffine.

Former Resident Is Wed In Local Church

Miss Gladys Travers of Prospect street, San Francisco, became the bride of Steven J. Roche, also of San Francisco at a nuptial Mass in Our Lady of Perpetual Help Church, Monday morning of this week at 8 o'clock. Father Joseph A. Smith officiated.

Miss Travers formerly resided at 801 Brunswick street and has many friends in Daly City, who wish her bon voyage on the matrimonial sea.

Father 'Bewildered' In Child Stealing

Otto Horst, father of the infant Donald who was taken from his mother in Chicago by Mr. and Mrs. John Regan, who claim the child as their own, was "bewildered" with the whole incident, he said. The thirty-months' old son was given back to the Horsts while the state attorney's office made a complete investigation of the "kidnaping."

White Or Black Which Shall It Be?

Contrary to popular belief, white pepper does not come from a different plant than black pepper. Instead of being picked while green, the berries are allowed to ripen. Then they are gathered and the outer casing removed by various processes. Sometimes the berries are soaked in water, sometimes they are buried in the ground until the shell swells and bursts, sometimes they are treated chemically. The kernel is then ground into white pepper. Although not nearly as strong as black pepper, white pepper has a peculiar and delicious flavor.

OBSERVATION OF VARIOUS THINGS IN OUR CAPITAL

Number Of Californians In List Of Famous Women Published By Library Of Congress

Lists of famous people are published so often that you, I and Mr. and Mrs. American Citizen do not take too much interest in them. However, when the Library of Congress in Washington publishes a list of over 1000 American women, deserving, in its official eyes, to be regarded as famous, it is news indeed.

In the list are many well-known Californians; many are our contemporaries, a few are deceased. Included are Gertrude Atherton, San Francisco author; both Helen Wills Moody and Helen Jacobs, of the tennis courts; Florence Prag Kahn, former Congresswoman from San Francisco; Aimee Semple McPherson, Los Angeles evangelist; Mrs. Joaquin Miller, wife of the poet of our Oakland hills; Susan Lincoln Mills, former president of Mills College in Oakland; Kathleen Norris of our own San Mateo County; Mary Pickford, Joan Crawford and Norma Shearer, of the films; dearly beloved Ernestine Schumann Heink; and Mrs. Leland Stanford, wife of the founder of Stanford University.

Some of the occupations of these famous women are listed by Miss Hellman the compiler, in her subject index as abolitionists, business executives, one Cabinet officer, Congresswomen, clubwomen, dancers, dramatists, engineers, one financier, hymn writers, judges, pioneer women, screen stars, wives of famous men, and wives of Presidents.

Included is Lydia Pinkham, of patent medicine fame, and no less than seven women spies of the Revolutionary and Civil War periods. Such religious leaders as Harriet Starr Cannon, first mother superior of the Sisterhood of St. Mary; Mary Baker Eddy, founder of the Christian Science Church; Barbara Heck, founder of the Methodist Ladies Aid Society; and Hannah Whitall Smith, the quaker.

Miss Hellman is evidently aware that people are interested primarily

Legion Head Guest At Auxiliary Meet

Honored during the American Legion Auxiliary state convention at Stockton will be Mrs. Glenn A. Snodgrass of Phoenix, Ariz., representing the national organization. The convention will be held from August 10 to 11. Mrs. Snodgrass serves as vice president of the Auxiliary Western Division, which includes all states west of the Rockies as well as Alaska and Hawaii.

In their contemporaries, and to answer this need her bibliography includes a large number of women living at the present time. While Miss Hellman's list is, first of all, a guide to books containing information about our famous women, it is certainly an index to the romance and variety of our American life. To all institutions and libraries this list is free for the asking.

Lesson Sermon Of Christian Science

"Spirit" will be the subject of the Lesson-Sermon Sunday, August 8, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "No man hath seen God at any time. . . Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit" (1 John 4: 12, 13). Other Bible citations will include: "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We should consecrate existence, not 'to the unknown God' whom we ignorantly worship, but to the eternal builder, the everlasting Father, to the Life which mortal sense cannot impair nor mortal belief destroy. We must realize the ability of mental might to offset human misconceptions and to replace them with the life which is spiritual, not material" (p. 428).

Unemployment Fund Payments To Start

Mailing of more than 25,000 forms to employers of California, who will start making monthly returns of contributions to the Unemployment Trust Fund this month, started in the offices of the Department of Employment this week.

The new form is a revised edition of CURC-3, on which employers of the state previously have made returns by quarters.

The contribution rate during 1937 is one and eight-tenths per cent of all wages paid by employers in subject employment, who also must deduct nine-tenths of one per cent from their employees pay, remitting the same to the Unemployment Fund.

Previous to the new rule, employers have been permitted to make return of contributions quarterly or monthly as they might elect.

The new rule commencing with July is made in accordance with a uniform requirement by the Social Security Board whereby all states will collect contributions each month.

LAST CALL MADE TO TANFORAN FUTURITY

By J. W. MARCHBANK

Entries to the 1939 running of the Tanforan Futurity are coming in satisfactorily in these early days of August. Breeders everywhere are aware that nominations must be made prior to midnight of Monday, August 16, and are acting accordingly. The naming of eligibles to the two year old stakes began as early as last May, when notification of everyone interested was started.

The Tanforan Futurity was instituted primarily for the encouragement of the rearing of thoroughbreds of the highest class and it is working out exactly that way. Sons and daughters of stallions and broodmares of the best blood lines were nominated last year for the 1938 running. This year it is the same story. Promising sucklings from many prominent nurseries, East and West, have been entered.

As the Tanforan Futurity is not run until late in the fall and is at the true testing distance of one mile we believe it will be one of the most enthralling contests of the year. Some of the colts that do not find three-quarters of a mile long enough to show their worth will be suited particularly by the added two furlongs.

It is imperative for the permanence of the sport that we should have a continual infusion of fresh blood at our haras. No one will deny the best way to get hold of new stallions and matrons is to put up good purses for such races as the Tanforan Futurity. After their racing days are over many of the Futurity band will be retired to the breeding paddock. As is well known, the added money to the race is the substantial sum of ten thousand dollars.

Planning of the two year old stakes was begun two years ago, the first entries were received last year and this year another batch is coming in. So you see the 1938 running will be the initial running of what undoubtedly will develop into one of the most interesting baby struggles in the country.

Baseball Follows To Foreign Countries

(Continued from Page 2)

dent of the Republic would attend and many native teams played baseball with the same enthusiasm and with almost the same skill as their American tutors.

Few races have taken to the pastime with more zest than the Filipinos, who promptly adopted the sport as their own after watching our doughboys or marines on the diamond. In less than a decade after the American occupation of the Philippines many native teams were expert players.

Cubans have long been proficient in the pastime and some of their players have won places on our big league teams. Post season games are often played by American professionals in Japan, and the first world wide tour was made in 1889, when an American team played in Australia, Ceylon, Egypt, Italy, France, Scotland and Ireland.

Baseball appears to interest spectators of all races, but it is generally

in those countries where our United States Marines or doughboys have remained for long periods that the game has taken firm root and won new nationals to its ranks. Japan, where baseball is rapidly superseding wrestling as a national sport, is a noteworthy exception, while both Canada and Australia have a number of devotees to the sport.

WHERE IT'S LIKE CHRISTMAS ALL YEAR

GREAT hedges and bushes of holly and mistletoe hanging from oaks give Victoria, capital of British Columbia, an all-year-round Christmas atmosphere. Located on the southern tip of Vancouver Island it is reached by ferry and boat from Port Angeles, Seattle and Vancouver. More English than England in appearance and characteristics, Victoria is popular with Americans. Vancouver Island itself is the largest island, except Newfoundland, off the North American continent and it is famous for its scenery, its hunting and its fishing. A well-developed highway system makes all points accessible. The photographs show a part of the island with the Legislative Buildings in the background and Hatley Park, one of the many beauty spots of Victoria. The sketch map shows some of the main motor routes out of Victoria.

When Traveling Take A Tow Rope

A tow rope in the tool compartment for use in case of need is an important aid. I have, however, found by experience on the road that attempting to pull a dead car with an ordinary tow rope results in a series of disagreeable and sometimes ineffective jerks; and, after the car finally gets under way, the jerking continues as the car is pulled along.

Much of this jerking can be smoothed to a steady pull by inserting a heavy coil spring in the tow rope. I found such a spring on an old discarded mowing machine, and it was a distinct help. If no spring is found in the old scrap iron about the place, one can be bought at a hardware store.—F. P. Hancock, N. H.

Aged Fallen Redwood Estimated 1500 Years

A giant California redwood tree, which is estimated to have pushed its first tender shoot above ground about 550 A. D., recently fell in the Sequoia National park in northern California.

Dr. D. T. MacDougal, botanist and director of the Carnegie Coastal Laboratory at Carmel and the Carnegie Desert Laboratory at Tucson, Ariz., studied the tree. He found that it had a height of 200 feet, that it weighed approximately 1,500,000 pounds and had a cubical content of 26,000 feet. The trunk, just above the root system, measured 18 feet in diameter. Dr. MacDougal estimated that it was between 1200 and 1500 years old. The result of his study will appear as an article in the December issue of the American Journal of Botany.

A Comfortable Chair

Two Bostonians were sitting together one day, when the first remarked: "What can I do to help mankind?"

His friend, for lack of a better idea, suggested, "Make a more comfortable chair. This one, although expensively made, isn't a bit comfortable."

"All right. I'll make a cheaper and more comfortable chair," said the eager one. And looking around for a strong, cheap material, he came across rattan on the docks, discarded by ships from the Orient as they unwrapped and unloaded cargoes.

Thus the manufacture of rattan furniture had its inception. The industry now employs thousands of persons in many lands.

utmost secrecy. The Fiesta is at Bay Meadows from September 23 to 26.

It was stated that elaborate plans are being drawn up for the event and we are waiting the final approval of all the commission and our committees.

"We can promise the event to be one of the most colorful events ever staged in the county, but just what the nature of the event is, we are not at liberty to announce just now," one of the Fiesta commission members said.

On committees working on the entire project are County Executive E. A. Rolison, County School Superintendent Pansy Jewett Abbott, County Controller Edward M. Stack, County Treasurer A. H. Sagehorn, and George J. Davis, of Millbrae, Fiesta Commission advisor.

All letters being mailed from San Mateo County points today carried on the back the familiar "Fiesta sticker," advertising the event far and wide.

Commercial, trade and floral magazines throughout the country have written for information about the Fiesta and have promised publicity for the affair on a nation-wide scale. Centers of this general publicity have been created at Los Angeles, New York and Chicago.

Throughout the county, all organizations have agreed to join the Fiesta observance by wearing colorful Spanish costumes at Fiesta time. The majority of clubs and similar groups have already passed resolutions calling on members to wear such costumes throughout the four days of the Fiesta.

PAGEANT MARKS OUR INDUSTRIES AT STATE FAIR

Usual Other Days To Be Observed As In Former Years

(Continued from Page 1)

fornia Industries Pageant will be dedicated to Education, Livestock, Newspapers, Printing, Mining, Radio, Fruit, Motion Picture and Manufacturing.

President A. B. Miller of the fair board explained that although the ten days of pageantry will be devoted to industries, the plan does not alter the system of special days for organizations and cities.

Governor's Day, historically one of the big days of the fair, will be given more prominence than usual. This day, traditionally held on Thursday, has been changed to Friday this year in order to turn Thursday over to the colorful Admission Day celebration, September 9. Labor Day will be another outstanding event, as will also Press Day on September 4.

Colma Man Marries

The marriage of Miss Nellie Toschi of Portland, Ore., and Mr. Ernest Del Sarto of Colma took place last week in Portland, the home of the bride.

Miss Emily Del Sarto, maid of honor, and Mr. Paul Mechetti, best man, motored north with Mr. Del Sarto to take part in the ceremony. The couple will reside in Oregon.

A Gentleman And A Snob

"I wonder where all the porters are this morning," a young dandy exclaimed as he stood before a public market, a half-filled provision basket at his feet. "Who's going to carry this basket for me?"

A plainly dressed old man, who was passing by, paused and inquired, "Where do you live?"

"At number two hundred, Avenue A," the young man replied.

"I am going that way," said the old man. "I will carry your basket for you."

The young man noticed that as his porter proceeded along the street, the passers-by all bowed to him most politely.

The next day the young dandy saw the old man again, this time in conversation with a group of lawyers.

"Who is that elderly gentleman?" he inquired of a passing friend.

"Why, that is John Marshall, Chief Justice of the United States," the friend answered.

"That's strange," exclaimed the amazed dandy. "Why do you suppose he carried my market basket for me yesterday?"

"To illustrate the difference between a gentleman and a snob!"

A Good Place For "Jackie Horner"

H. M. King, of Riverside, Calif., claims to be owner of the largest plum tree in the world.

The seedling tree, about 45 years of age, bears small greenish-colored fruit, some of the clusters containing as many as 50 plums, and the total crop weighs close to 1200 pounds, Mr. King estimates.

The tree is 35 feet in height and has an equal spread of branches, with a trunk diameter of 18 inches, measurements disclose.

San Mateo Publishers Want Supervisors To Restore Monday Morning Sessions

At the regular meeting of the San Mateo County Press Association, Monday evening of this week, it was decided to renew the request of the publishers to have the County Board of Supervisors to again hold the regular sessions on Monday morning instead of Wednesday afternoon.

It was declared by many members that the mid week meetings, held in the afternoons, are a great handicap to publishers of weeklies in that it is inconvenient to get the news in their papers by the time of going to press Thursday afternoon or evening.

Daily publishers also feel that the 24-hour delay in publishing the events of the meeting of the day before makes the news "stale," and that its edge has been removed by publication in the San Francisco daily newspapers.

Cheese Maker Now An Artist

September is the month of fairs. Displayed at these periodical exhibits one may see rare and unusual products. For example at the Syracuse Fair, September 5 to 11, there will be presented a six-ton cheddar cheese. A days output of milk from 6000 cows will go into its manufacture. Cheese makers from other countries, of New York and from Canada, too, have been invited to watch W. C. Kilsey, veteran cheese maker of West Martinsburg, proceed on this big job, which he estimates will require seven weeks to complete.

Fall Extension Classes Are Listed

Broad educational opportunities will be available to all northern Californians this fall, the University of California Extension Division announces. The division's catalog of fall classes, published August 2, lists 320 courses which will be open during the next three months in five bay region cities. Classes will be conducted by a staff of 108 instructors. Of these, 30 are members of the regular University of California faculty. Nine other universities, 12 business firms and 13 professions have also contributed to the division's teaching corps.

Courses listed in the new catalog include such widely varied subjects as Verse Writing, Re-inforced Concrete Design, Mental Hygiene, Radio, Photography, Literature and Foreign Languages. The only "entrance requirement" for extension work is ability to pursue the work with profit.

Although the majority of Extension classes are given in the bay region, special classes can be arranged for any community in the state.

Daly City Church Scene Of Wedding

Miss Marian Mueller of Brunswick street, became the bride of Daniel Stanich of 124 Kingston street, San Francisco, Saturday of last week, at 7 o'clock in Our Lady of Perpetual Help Church. Father James Smith officiated.

The bride wore a white lace gown and veil and carried a shower bouquet of white roses and lilies of the valley.

The bridesmaid, Miss June Morehouse, wore a pink silk gown and carried an old fashioned bouquet of pink sweet peas. She wore a bandeau of pink sweet peas in her hair.

Miss Shirley Wilson was maid of honor. She wore a blue silk gown and had a bandeau of blue bachelor buttons in her hair and carried a bouquet of blue bachelor buttons. Earl Perry acted as best man.

The ceremony was followed by a reception in the home of the bride's parents, Mr. and Mrs. W. Mueller.

Mr. and Mrs. Stanich left via motor for a honeymoon trip to Monterey and southern California. On their return they will reside in San Francisco.

Motorist Demolishes Drinking Stand At Junction Of Two Streets

The drinking fountain in front of the local bank was completely demolished by a reckless automobile driver, Sunday morning of this week. The driver speeded from the scene of the crash.

The unlucky motorist, James Roache of Ravenswood, Menlo Park, and his three companions—William Wilson of 859 Lytton avenue, Palo Alto; Richard Harrington, 1106 Pine street, Menlo Park, and Peter Paul Burke of Inglewood, Calif.—were captured near the wireless station in Crocker Terraces, after a chase by Officer Dalton.

Young Roache was arrested and charged with reckless driving. He was released on \$100 cash bail. His companions were not held.

The automobile was placed in a local garage.

Trial of the reckless autoist has been set for this Friday, afternoon at 3:30 o'clock in the court of Judge Wade H. Clay.
